MEET JILL SANDERS

**Job Title: Director, Bondurant Community Library
Started November 11, 2013**

Jill is widowed with two sons, Ben and Nick, one Daughter-in-law Melissa and nine grandchildren. She enjoys reading of course, cross stitching, and quilting.

Duties of the Library Director includes but is not limited to the day to day operation of the library, ordering of materials, managing staff and generally all things library related.

Education/Special Training/Licenses: Tier Three Accreditation with the State Library of Iowa.

Bondurant is a wonderful community and I am excited to be beginning a new opportunity in this great community.

When the snow is deep, where do you set out your carts?

Setting out recycling and garbage carts in the winter can be a challenge. Here are some helpful hints:

• **Dig Out a Spot:** When you dig out your driveway, be sure to dig out a spot for your carts. Have enough room (about 18 inches) on all sides of the cart for the truck's arm to be able to grab the cart, dump it and set it back down.

• **Avoid Snow Piles:** Do not place your cart on top of the snow piles. This causes carts to tip over and litter the street, and it also makes it difficult for the collection trucks to set the cart back down.

• **Avoid Streets:** Do not place your carts in the street. We realize this cleared area is an enticing place to put your carts, but it is a hazard. Carts can get hit by vehicles or snow plows.

Here are some hints that apply for any time of year:

• **3 Feet Apart:** Keep your carts three feet apart to allow sufficient room for the truck's arm to grab the cart, dump it and set it back down. If possible, place your recycling and garbage carts at the opposite sides of your driveway.

• **Metal Bar Faces Street:** Lastly, remember to place the metal bar towards the street so that the lid opens when the cart is tipped.

When carts are properly placed, waste and recycling removal is safe, quick and easy. We appreciate your help and cooperation.

For more information, visit us at www.MWAtoday.com or call 224.0021.

CAR WINTER SURVIVAL KIT

Each year, hundreds of people find themselves stranded on the roadside. Winter weather can kill an unprepared person who is exposed to the elements within minutes. Whether you wind up needing it or not, a winter survival kit for your car is a good idea. It is simple to create and could save your life in the event of a vehicle breakdown or crash during the winter months. Putting your kit together is easy and here's how!

Take a empty container, like a three pound coffee can with a plastic cover, and pack the container with the following items:

- Candle stubs and matches
- Small sharp knife
- Red bandanna or cloth (hang outside your vehicle as a sign of distress)
- Pencil and paper and change for a phone call (or a cell phone)
- Large plastic garbage bag for insulation
- Snacks (high energy food - chocolate bar or energy bar)
- Plastic whistle (to alert people to where you are)
- Plastic flashlight and spare batteries (reverse batteries in the case to avoid accidental switching and burnout, and warm batteries between your legs before using)
- First aid kit including essential medications
- Bottled water (melted snow can also be used)

In addition to the items in the winter survival kit, you may want to make sure you have these other items on hand in your trunk: Jumper cables; sand for tire traction; shovel; tow cable or chain; blankets; road flares / reflectors; hat, mittens / gloves; boots; snow brush.

A CHRISTMAS STORY TRIVIA

Multiple choice questions and answers from the classic holiday movie!

- In what year was "A Christmas Story" released?
 1983
 1979
 1984
 1973
- In addition to Raphie's Dad, Darren McGavin was well known for his role in what TV series?
 Kojak
 Hill Street Blues
 Kolchak
 Night Gallery
- What sort of dare can never be refused?
 Double Dog Dare
 Triple Dog Dare
 Cross Your Heart Dare
 Cross Your Eyes Dare
- What adjectives does Raphie use to describe the bully Scut Farkus?
 Mealy-mouthed
 Hunch-backed
 Snaggle-toothed
 Yellow-eyed
- Which brand of soap is the worst to have Mom wash your mouth out with?
 Palmolive
 Dawn
 Lifebuoy
 Olay
- What does Dad say Raphie looks like modeling Aunt Clara's Christmas gift?
 A Little Angel
 A Pink Nightmare
 A Rabid Rabbit
 A Wad of Dryer Lint
- What does a panicked Raphie accidentally tell the intimidating store Santa that he wants for Christmas?
 A Football
 A Toy Truck
 Some Tinkertoys
 A Train Set

(old high school)
Enter through the West gym doors.

**Grab some buddies
and join us!**

**C h r i s t m a s
T r e e
C o l l e c t i o n**

January 2 & 8

Please have trees free of decorations and to the curb by 7:00 a.m.

Residents must attach a "Compost It!" sticker to their trees for collection.

Stickers are available at City Hall for \$1.20.

Snow Ordinance

No person shall park any vehicle or permit the same to remain standing upon any public street in the City during the following times or periods: The City of Bondurant Snow Ordinance shall take effect following a declaration of same by the City Administrator or Street Superintendent. City Code Section 69.10 states that vehicles must be removed from any City street by 8:00 p.m., and must remain off of the City street until 8:00 a.m., the following day, or until the snow declaration has been lifted, whichever occurs latest. Vehicles not removed by 8:00 p.m., will be ticketed for violating the City's Snow Ordinance. After being ticketed, vehicles not removed from the City streets by 8:00 a.m., the following day will be towed, with expenses for towing payable by the vehicle owner.

SNOW REMOVAL TIPS

Snow is on the way and controlling snow and ice is a difficult and time-consuming operation. We need your help so we can clear the streets more quickly and completely.

Please do not park cars on the street during any amount of snow fall, this will help crews do a better job at plowing. We ask that residents park their vehicles off the street during snow removal operations. City ordinance prohibits the parking of vehicles on public streets when the snow ordinance is in effect. Parking on public streets will result in ticketing and towing. Fewer cars on streets will quicken plowing.

The equipment that is used to clear snow from streets may leave a ridge of snow across your driveway. It is the responsibility of the property owner to remove the ridge left by snow plowing equipment. When shoveling out the mouth of your driveway, throw the snow to the right or left, but not in the street. Putting the snow back into the street creates more work and a safety risk.

To help ensure that sidewalks are safe during the winter, City Ordinance requires residents to remove snow and ice from sidewalks within 24 hours following the end of the snowfall. Property owners who do not comply are subject to a municipal citation. A helpful hint for residents—clear your sidewalk after the snowplows have finished plowing to the curb. When you remove snow from your sidewalk, please remember that City Ordinance prohibits placing that snow in the street. City Code Section 135.12 prohibits the unnatural deposit of snow from driveways and parking lots onto City right-of-way is also prohibited.

Equipment operators often work 12 or more hours in a shift and appreciate courteous and friendly drivers and pedestrians. Please remember to maintain a safe following distance of 75 feet from all snow removal equipment. From all of us here at City Hall, please have a safe winter!

TECHNOLOGY UPDATE

Residential De-Icer Options

Protect Stormwater: Protect Streams and Lakes

- ◆ During periods of snowmelt, deicers that have been applied to impervious surfaces such as driveways, mix with snowmelt and travel to nearby storm drains.
- ◆ In most cities, storm drains discharge directly to local streams and lakes.
- ◆ Some de-icers can change the salinity of streams and lakes, which impacts aquatic life.

READ THE LABEL

...DE-ICERS CONTAIN DIFFERENT CHEMICALS Readily Available De-Icers

Sodium chloride, or rock salt: It is the least expensive de-icer and most widely used. But it is harmful to vegetation, soil, streams and lakes. If you need to use rock salt, apply during the colder months (Dec-Feb). In March, plants are breaking dormancy, and the roots begin to actively absorb water, so this is a good time to use another alternative.

Magnesium chloride: This de-icer doesn't leave a powdery residue and is considered safer for humans, animals and vegetation. It is pricier than rock salt and can damage masonry.

Calcium chloride: Will not harm vegetation, but is expensive, and can leave a residue on flooring and shoes.
Potassium chloride: More environmentally friendly, but expensive.

Acetates: The acetate de-icers come as sodium acetate, calcium magnesium acetate, and potassium acetate. These organic chemicals can break down in the environment and leave little damage.

What Can You Do?

Helpful Hints...

- ◆ Shoveling and snow-blowing can be your best line of defense.
- ◆ Use de-icers sparingly, keep a safe distance from storm drains, streams, lakes, and wetlands.
- ◆ Use de-icers in combination with minimal amounts of sand for better traction.
- ◆ Pre-apply de-icer before snow or ice is expected.
- ◆ Know which de-icers impact vegetation and concrete.

DART Tips for Winter Riding

The Des Moines Area Regional Transit Authority advises residents to plan accordingly when using DART services during winter weather conditions.

Check www.ridedart.com. Conditions can change quickly, and DART may be forced at times to detour or cancel service. Check www.ridedart.com for detours before you head out. Sign up for email updates about specific route service at <http://www.ridedart.com/email-updates.cfm>.

Leave early. Heavy traffic and poor road conditions require operators to slow down for safe travel, causing delays in the schedule. If winter weather conditions are present, consider taking an earlier trip ensure on-time arrival at your destination.

Be visible. Make yourself visible to an approaching bus by wearing light color or reflective clothing. It is also helpful to carry a small blinker light or flashlight, especially on dark winter mornings or evenings.

Play it safe. Be visible when waiting for the bus and wait for the driver to make a complete stop before your approach. Melting snow and ice can make the bus floor slippery; for safety, please hold onto handrails and seat backs when walking on the bus. When exiting the bus be sure to move directly away from the door and do not walk along the bus.

Dress warmly. Dress in layers to stay warm while walking to your stop and waiting for the bus. Don't forget to cover your head, neck and feet appropriately to keep in body heat and keep out moisture.

For more information, please visit www.ridedart.com or call DART Customer Service at 515-283-8100.

Our Payment Options Just Make. . . .

Direct Pay...The Easy Way

With Direct Pay, the amount of your monthly statement will be automatically deducted from your savings or checking account. You will still receive a statement indicating the amount withdrawn from your account.

Drop Box

Book Discussion

January 14 • "The Lottery" by Patricia Wood

Having learned essential life skills from his grandmother that helped him overcome his low IQ, Perry finds himself without a caregiver at the age of thirty-one and wins a fortune by playing the lottery, a windfall that brings him more family than he ever wanted.

Continued on page 9

Library Page, continued

February 11 • "The Art of Racing in the Rain" by Garth Stein

Have you ever wondered what your dog is thinking? Meet one funny dog — Enzo, the lovable mutt who tells this story. Enzo knows he is different from other dogs: most dogs love to chase cars, but Enzo longs to race them. Enzo finds that life is just like being on the racetrack — it isn't simply about going fast. And, applying the rules of racing to his world, Enzo takes on his family's challenges and emerges a hero.

Adult Programs

January 15 • Genealogy 6-7 p.m.

Join us at The Bondurant Community Library to learn tips and tricks to finding your dead relatives. This program will be presented by Diane Densmore from the State Genealogy Society of Des Moines and will focus on websites and methods for researching family genealogy. This program is free of charge and open to all abilities.

February 5 • 6-7 • Get Ready for Spring

Jerry Holub, manager of Earl May Garden Center will be at The Bondurant Community Library to discuss "What's new in 2014" and to answer all your gardening and outdoor questions.

Learning Express is now available at The Bondurant Community Library
